

Intel Core i5 12th Gen Micro PC

CPU: Intel Alder Lake Core i5 12th Gen 12450H Processor, 6 MB Intel® Smart Cache

PRODUCT HIGHLIGHT

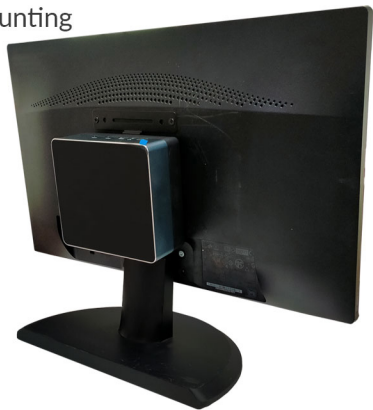

- ~ A full-featured Micro Computer PC
- ~ Support HDD, Vesa Mounting
- ~ 4 x USB Type-A + 1 x USB Type-C
- ~ 2 x HDMI + Type-C display (Optional)

A micro PC, also known as a mini PC or compact PC, is a small-sized computer that offers functionality similar to a traditional desktop or laptop computer but in a smaller form factor. These PCs are designed to be space-efficient, energy-efficient, and often portable, making them suitable for various applications, including home entertainment, office work, digital signage, and embedded systems.

Technical Specification

Model Number	MiniPC i5-12
CPU	Intel Core i5 12 th Gen 12450H Processor
RAM	DDR4 memory architecture support up to 8 GB
Storage	Support 2.5" SSD / HDD & DOM also
Graphics	Intel® UHD Graphics for 12 Gen Intel Processor
Operating System	Windows Linux
Display Output	2x HDMI-Out
Interface	4 x USB 3.0 1 x TypeC 1 x DC Jack 1 x RJ45 1 x Reset Hole 1 x Audio Jack
Internet	LAN : 1x 10/100/1000Mbps adaptive Wi-Fi : Onboard or M.2 2230 Wi-Fi Module
Bluetooth	5.0
Power input	19V/3.42A 65W
Dimension	Physical Size : 124 x 111.6 x 42.5 mm (W x D x H) Package Size : 241 x 172 x 80 mm (W x D x H)
Weight	Net : 0.445 Gross : 1.080
VESA Bracket	YES
Lock	Support Kensington Lock
Warranty	3 Year Carry In Mumbai Service Center Warranty
Optional	RAM: up to 64 GB DDR4 Storage: M.2 2280 NVME + 2.5" SSD/HDD
